Career Objective

AI-focused Computer Science graduate with strong expertise in Python, Machine Learning, and Deep Learning. Experienced in building intelligent, scalable solutions using CNNs, OpenCV, and real-time API integrations. Proven ability to develop end-to-end AI applications including recommendation systems and predictive models. Passionate about solving real-world problems using data-driven approaches.

Technical Skills

Languages	Python, SQL.
AI/ML	CNN, SVM, KNN, Linear Regression
Libraries	Pandas, NumPy, Matplotlib, OpenCV
Frameworks	Streamlit
Tools	Jupyter Notebook, PyCharm, GitHub
Platforms	DBMS

Internship Experience

Python Developer Intern

Nov 2024 – May 2025

Teradata Pvt. Ltd., Hyderabad

- Built an AI-powered tourism recommendation system using GPT-3.5 and real-time APIs to generate personalized travel itineraries.
- Developed an interactive Streamlit web application enabling users to receive AI-based travel plans dynamically.
- Integrated external APIs for live weather, routing, and attraction data to improve recommendation accuracy.
- Enhanced user experience through prompt engineering and response optimization techniques.

Projects

Classification of Waste Management using CNN

Python, OpenCV

- Designed and trained a Convolutional Neural Network (CNN) to classify waste into plastic, metal, organic, and paper categories.
- Performed image preprocessing, dataset augmentation, and hyperparameter tuning to improve model generalization.
- Achieved high prediction accuracy and demonstrated potential for automated waste segregation in smart environments.

Data-Driven Weather Forecasting System

Python, Machine Learning

- Implemented SVM, KNN, and Linear Regression models to predict rainfall, temperature, and flood probability.
- Collected and cleaned historical weather datasets and performed feature engineering for improved predictions.
- Built a decision-support system useful for agriculture planning and disaster management.

Education

B.Tech in Computer Science and Engineering

2021 – 2025

Vel Tech University

CGPA: 7.99

Class XII – State Board

2019 – 2021

Vagdevi Junior College, Narasaraopet

89%

Class X – State Board

2018 – 2019

St. Joseph's High School, Narasaraopet

GPA: 9.5

Certifications

- Cisco – Introduction to Networks
- Cisco – Networking Basics
- Cisco – Introduction to Data Science

- AWS Academy – Machine Learning Foundations
- AWS Academy – Cloud Foundations
- Cs Codenz – Python Certification

Conference

International Conference on Intelligent Systems and Digital Transformation (ICISD 2025)
